Town of Discovery Bay  
Community Service District  
1800 Willow Lake Road  
Discovery Bay, California. 94505

Attention: Kevin Graves, President

**Re: Consent Calendar Item C. 2.**

Dear President Graves:

I see one of the items in the Register of Districts Invoices set for blanket approval by the Board at your regularly scheduled meeting on Wednesday, February 7, 2018 is a payment to Contra Costa County, Invoice Number 126, for a Permit Electric Signboard at a total cost of \$2,787.00 with \$1,114.80 of that cost being charged as a "water" expenditure and \$1,672.20 of that cost being charged as a "wastewater" expenditure.

I object to the Community Service District using Water Sales Revenue and Waste Water Revenue to pay for something that appears to have absolutely nothing to do with delivering water to the residents of Discovery Bay or treating the wastewater for the residents of Discovery Bay. Neither the Water Revenue or Waste Water Revenue create any kind of funds that can be used as a general fund.

I believe the only source of general revenue money that the Community Service District has is the Ad Valorem Property Tax allocation received from Zone 8. Even the use of those tax revenues would be questionable when the Community Service District is only authorized to perform or provide the following services:

1. Provide Water for use by the residents of Discovery Bay
2. Removal and treatment of Waste Water generated by the residents of Discovery Bay
3. General landscaping and lighting
4. Provide Recreation

I am unable to attend the meeting on Wednesday, February 7. I request that my letter be read into the record as Public Comment on Consent Calendar Item C. 2. invoice number 126.

Sincerely,

  
Charles W. Helfrick
