17	We should have our own public library, a recreational room, shuffle board and bocce ball shaded area. We should have batting and golf cages, a recreational and diving pool, a basketball gym with 3 basketball/volleyball courts, and lots of outdoor places to sit under a shade. Perhaps surrounding and weaving in and out of it will be where people can walk on curved sidewalks and sit on benches and walk their dogs as well as a grassy area to play frisbee or an area to overlook the manmade lake for future 4th of July fireworks shows from the manmade lake.	Jul 28, 2011 12:32 PM
18	The "how often" ratings are not a good gauge to determine the relative usage or importance of the facilities. For example, having a kitchen is critical if the facility is going to be rented for weddings/parties, but a family only has a "major life event" occasionally. And our daughter plays basketball and during the season, she would use a basketball court a few times a week, but not nearly as often off-season. I feel that having the opportunity to take classes is critical, but I don't know how many times a year I would actually enroll in a class. I could go on and on. Better "usage ranking" would be "never", "occasionally", "sometimes" and "often".	Jul 28, 2011 9:57 AM
19	We already have Basketball & baseball at Cabrillo park, why spend more. We have no pool access unless you belong to fitness club - Very Important My Dr. has recommended due to physical limits. - Could have swim aerobics. I hate the Delta. Would love Bocce and Arts & Crafts.	Jul 26, 2011 3:34 PM

45	This should mostly be an indoor facility that has space for meetings, small events, classes, game room, theater etc. Sports like baseball, football, golf, biking running, swimming are already accomadated in other parks of the community. We live on the Delta why would we need swimming facilities? This should be a COMMUNITY CENTER, not just another park. Also if someone wants a gym there are many to choose from nearby. Miss the old Jazz/rock concerts at Disco Bay shopping center frm years ago - wish you would bring back. How about a concert! As much as I would like to donate money I have been unemployed for 2years! 43	Building a fun swimming and recreational center that would allow those outside the community to attend but would charge a fee. All of the pools in the area are swamped in the summer, and there is enough interest that we would attract users from Brentwood, etc. In addition, the outdoor pool could be used in the winter if we simply use a plastic cover to retain the heat and keep out the rain. 1	I like the idea of purchasing the athletic club. It is centerly located, the club needs better management & the club offers many facilities especially the pool.	Aug 17, 2011 1:22 PM
2	The community center should include activities and classes that reflect what the community is all about... e.g., boating, fishing, swimming, etc... Let's get it done!	Aug 14, 2011 6:37 PM
3	Again connect Pacific waterways and all areas with the community center with a walking trail.	Aug 8, 2011 9:57 AM
4	MAKE IT SOLAR AND HAVE FREE WIFI IF POSSIBLE, ALSO A COMMUNITY WEATHER STATION ONLINE WOULD ALSO BE NICE.	Aug 7, 2011 12:01 AM
5	I don't understand how a community center should be built just because some developer said they would put up some money/land.	Aug 5, 2011 7:59 AM
6	WE WOULD LOVE TO SEE A COMMUNITY CENTER BUILT.	Aug 4, 2011 1:17 PM
7	It would be nice to see what current funds are currently available and what land has already been donated. An e mail or letter to the homeoners with the results of this survey befor any type of discussion or votes would help keep the concept in front of the residents	Aug 3, 2011 3:07 PM
8	We would love to see a community center with local pool access and classes that would enrichment the lives of all who live here. We support the community center whole heartedly. Thanks.	Aug 3, 2011 11:39 AM
9	In the first part of the survey my answers were based solely on location. I was also wondering about accessibility and future growth of the community but that information is not available to me.	Aug 3, 2011 9:17 AM
10	no	Aug 3, 2011 12:15 AM
11	I think the community center would be a good resource to have. It would offer especially our young people who can't drive and our senior citizens who may be cutting back on their driving things to do without leaving the community.	Aug 1, 2011 9:22 AM

Page 7, Q1. If you have any additional comments regarding the community center please share them here:

12	usage of the building center should be fee based	Jul 31, 2011 7:40 PM
13	NO new taxes to pay for a community center!	Jul 31, 2011 6:57 PM
14	We've lived in Disco Bay for 14 years and love it! We truly need a community center and a dog park would be ideal. It seems as if every household has some type of dog!	Jul 31, 2011 5:00 PM
15	Good idea!	Jul 31, 2011 11:02 AM
16	Should start modestly but have available space for expansion.	Jul 30, 2011 5:44 PM
17	Great idea, but at this stage in our lives, we would not make much use of it. Would have been very nice if we had had it when our child was growing up!	Jul 30, 2011 5:29 PM
18	it would be a wast of money	Jul 30, 2011 3:01 PM
19	Even though we don't have Children at home, some of my answers reflect what I would like for the Children in our community. Also for my visiting Grandchildren.	Jul 30, 2011 12:55 PM
20	No new taxes or fees!! Our proposed water rate increase will probably stretch my \$ beyond what I can afford. SO NO NEW COMMUNITY CENTER !	Jul 30, 2011 10:16 AM
21	The parks and schools already supply the the athletic and theater facilities. This should be for events, meetings, and classes. Include money for employee to administer. We have lived here 31 years and always wanted this.	Jul 30, 2011 10:14 AM
22	Moved here in '88. CC will be built soon! Kids grew up! I got old and still people talk, talk, talk. I kinda wonder if they will actually stop talking and DO SOMETHING!	Jul 29, 2011 11:37 PM
23	While the thought of such a center is wonderful, I strongly oppose the undertaking of a project of this magnitude. I don't think this is a necessary expenditure at this time. After the completion of the building we would have ongoing expenses associated with the staffing, utility costs and maintenance of said building which in these tough economic times our community would find to be more than we can realistically support. This project is not a fiscally responsible undertaking at this time or for the foreseeable future. I think there are other options available to offer classes to our community members.	Jul 29, 2011 11:07 PM
24	We should wait to build a center in this down economy. the entire cost should be paid for by developers in the future when our economy recovers "Not until then" Give us Taxpayers a Break	Jul 29, 2011 9:44 PM
25	I will not support this if the intent is to eliminate the Discovery Bay Athletic Club.	Jul 29, 2011 8:45 PM
26	Will this center really be accessible to all Discovery Bay residents including the Discovery Bay West Centex home residents?	Jul 29, 2011 7:26 PM
27	do not use discovery bay west money for this project..first make everyone pay there share of P6 tax first as we in db west pay for your protection	Jul 29, 2011 5:05 PM
28	Again, my biggest concern at the moment are the teenagers. There is not much to do in Discovery Bay. Especially in the cooler time of the year.	Jul 29, 2011 4:44 PM
29	Thanks for the survey and the opportunity to participate.	Jul 29, 2011 4:19 PM

Page 7, Q1. If you have any additional comments regarding the community center please share them here:

30	In my opinion..DB does not have the population to support a large scale community center operation. We do need a building for meetings of say 200/300 people, ie townhall type mtgs, scouts and seasonal events like art shows and community fund raisers.Some small meeting rooms attached, a kitchen and bathrooms. This would be a practical approach...and most importantly...keep costs down!	Jul 29, 2011 4:03 PM
31	NO dog park please at Cornell park	Jul 29, 2011 1:20 PM
32	The kids in Discovery Bay need something to keep them busy. They all run the streets looking for trouble otherwise.	Jul 28, 2011 3:22 PM
33	Operation of the Community Center should be funded by those that use it & not based on additional taxes.	Jul 28, 2011 3:01 PM
34	looking forward to this project becoming a reality, as i plan to continue living life in DB.	Jul 28, 2011 2:05 PM
35	I would be happy to donate doing an artistic wall in some part of the community center. my contact info is 925-470-9987. I prefer not to do a mural. I do high end decorative finishes such as venetian plaster and shimmer plasters, unique finishes.	Jul 28, 2011 11:16 AM
36	Enough already with the dilly-dallying! Let's make this happen!!! And I am FAR MORE interested in building something new/custom rather than re-habbing an existing building	Jul 28, 2011 10:03 AM
37	I have personally witnessed the importance of a Community Center. I have seen how important a community center is for our children and how it can strengthen our sense of "community", in both adults and children. Please keep moving forward.	Jul 27, 2011 12:44 PM
38	Hofmann, CoCo County, and TODB should be paying for this, No new taxation!	Jul 27, 2011 6:16 AM
39	Already added comments. The Disco Bay shopping center is practically empty - great site. But who knows about Hoffman, that owns it - (greedy & difficult). I would hate it at the Lakes - still dont feel like it is part of Disco Bay. There is already alot traffic boats/trailers in summer at Marina area.	Jul 26, 2011 3:49 PM
40	It would be a great venue for holiday parties and other community-building events.	Jul 26, 2011 11:58 AM
41	So many activities are already available, tennis, golf, etc. You need to be careful not to double up the things that we already have. We have lots of parks already. I'm not sure a community center is a wise use of money at all. I don't think it will be used by the local people when everything is already available in Brentwood. This is a very small population to be able to support a center.	Jul 25, 2011 8:34 PM
42	We do not need a community center. There is plenty to do here if people take the time to look in the paper and the recreation guides. This is NOT a time to ask for any taxes for frivolous activities that we (Country Club) are least likely to use.	Jul 25, 2011 5:49 PM
43	I would hope that the community can be built with the money earmarked for this project and not ask the residents/taxpayers for additional monies.	Jul 25, 2011 5:12 PM

Page 7, Q1. If you have any additional comments regarding the community center please share them here:

44	Discovery desperately needs somewhere and something for young kids to do ESPECIALLY indoors during the rainy winter months. It would also be nice to not have to count on Brentwood facilities and programs for our kids sports. If we had a facility then maybe Discovery Bay could have their own sports programs for children.	Jul 25, 2011 10:18 AM
45	We need an upper class of community center to keep our city value up, so we don't think we need to have extra sports, like baseball, football....because you can enjoy at almost every schools facilities, why repeatedly have those items, seems to us, waste of money and space. We should really keep our new community center up and built up reputation of Discovery bay, not make it like a play ground. Thank you for listening our suggestions.	Jul 25, 2011 8:34 AM
46	It is a great concept, but in these times, we have other community responsibilities to attend to such as public safety. Why not partner with Excelsior to use their new facilities?	Jul 24, 2011 5:33 PM
47	Once again, a parcel tax or a donation from my husband and I are completely unacceptable. We will fight it tooth and nail. There is no excuse for DB not being able to do this with existing funds.	Jul 24, 2011 2:11 PM
48	When I purchased my home in 1983 we had a pool and a club house, Now your asking the full time owners to fund the project for the mostly part time or rental home users. No,No, I	Jul 24, 2011 1:18 PM
49	Git 'er done!	Jul 24, 2011 11:24 AM
50	This will be a great addition to the Sand Point and Discovery Bay Blvd. Alot better than a vacant lot. Thank you for providing this survey.	Jul 23, 2011 5:36 PM
51	Having a Community Center where people could rent the hall for receptions and Parties to generate revenue.	Jul 23, 2011 4:13 PM
52	Buy the athletic club and add a beautiful auditorium with a garden or develop the marina to be the central hub of the community. It would be so nice to have the community center also on the water!!	Jul 23, 2011 4:04 PM
53	\$25 to \$50 per year on property tax bill seems reasonable, but not a property transfer tax.	Jul 23, 2011 12:28 PM
54	Those who use the facility or service need to pay for their program. Everyone in DB can afford to pay for the program provided.	Jul 23, 2011 12:26 PM
55	This is a hot weather area and a community center without a pool doesn't make much sense to me. (a large lap pool could be utilized many ways, for people of all ages !) --and please don't forget the older folks that always pay and get very little for their health & enjoyment.	Jul 23, 2011 12:14 PM
56	The location is one of the most contentious issues and one of the most important. The map of the proposed community center locations in your survey was so small I couldn't even read it and therefore I had no idea where the proposed sites were located. You should have provided a description of each of proposed locations in addition to a map.	Jul 23, 2011 11:12 AM
57	Let's get this done already. We have been waiting years. Would be great meeting place for community.	Jul 23, 2011 7:37 AM

61	I have lived here 20 years. It would be nice to finally get a community center.	Jul 22, 2011 6:50 PM
62	Pretty fed up with this. It was promised in the early 80's. Where's Hoffman's promise?	Jul 22, 2011 6:38 PM
63	An area where the teenagers can go to hang out whether it be a hall, skate/bike park.	Jul 22, 2011 2:34 PM
64	Good Luck. I've been hearing about this possible community center for a long time !	Jul 22, 2011 2:32 PM
65	Keep going, and soon, if possible. Thank you for your efforts.	Jul 22, 2011 1:32 PM
66	We need a place for clubs to meet and for social events as well as for activities for youngsters to join in age-appropriate activities.	Jul 22, 2011 12:45 PM
67	Money needs to be spent on infrastructure and not items that will add to the cost and add employees to the payroll of Discovery Bay. Look around 1st time unemployment claims are up over 400k for 15 weeks in a row nationally. Fewer people live in Discovery Bay today than 12 months ago. Housing values are continueing to decline. The Community Center will not add financial value to the community when people do not have money to buy houses and banks are not lending.	Jul 22, 2011 11:22 AM
68	Hire Security to keep gang members and other criminals out.	Jul 22, 2011 11:20 AM

70	LET'S GET STARTED! IT WOULD BE NICE TO HAVE A SAFE PLACE OUR KIDS CAN GO	Jul 22, 2011 10:01 AM
71	WITH POSSIBLE FUNDING CUTS ON THE WAY FOR FIRE AND SCHOOLS,THIS WOULD NOT BE A GOOD USE OF TAX BASE.	Jul 22, 2011 7:06 AM
72	Special Kids Foundation has been searching for a REVENUE producing facility to provide services for the well over 5,000 disabled children and young adults in East County. To our thinking, a community center would be a luxury, our facility, serving the NEEDS of the children and families who live here, is a necessity!	Jul 21, 2011 10:32 AM
73	A CSD Board that has argued against installing one time \$200 water meters which have an excellent ROI(less than 2 yrs) is now advocating for hundreds of dollars in recurring fees for a community center? Talk about a disconnect.	Jul 21, 2011 10:08 AM
74	Thanks so much getting this off the ground. It is great to have Jim on this committee. He is an amazing person !!!	Jul 21, 2011 8:59 AM

77	Community Center should not compete with schools for activities or funding ... our children's needs can be met at school but State has seriously devastated district's budget and any and all revenues which can go to schools need too ie, sports programs and fields rentals (youth sports leagues) theatre rental (new theatre @ Excelsior) child care services provided at both elementary schools and provide revenue for the District. I do fully support Community Center to offer services for adults/seniors and believe this to be appropriate use for facility.	Jul 20, 2011 8:07 PM
78	Keep fees as low as possible. Charging more only limits the number of people that will use it.	Jul 20, 2011 6:27 PM
79	As much as it would be nice to have all activities it is most important to have something for the teens in this town to do. With our economy mostly both parents have to work and are unsupervised so therefore they are getting out of control. The community is paying for it. Fires, mailbox fires, burglary, fighting, stealing, drugs, sex, parties, alcohol. I know this has been going around for along time but there is NOTHING in DB for teenagers to do. No open gyms, no parks for older kids, it's sad what they do to entertain themselves now.	Jul 19, 2011 9:34 PM
80	Some of my answers don't necessarily reflect my family at this point in time, but as we intend to retire there or eventually sell I have checked items that would suit young families and retirees. A community center will help with resale value.	Jul 19, 2011 11:35 AM
81	please get this off the ground! Our community is suffering because our kids have no place to go where they can do things! We have had talk of this way too many years - time to belly up! Our community is now heavily populated with young parents & kids	Jul 19, 2011 10:49 AM

85	Please do not INCREASE current HOA fee and use that to build and run the community center. Ditto for parcel tax. Thanks!	Jul 18, 2011 8:05 AM
86	This seems to come up every couple of years, but no real progress seems to ever be made. We really need a place for the community to meet!	Jul 18, 2011 7:38 AM
87	I would consult with other Community Center groups throughout the region, to make sure its done right, but fits the communities interest.	Jul 18, 2011 7:38 AM
88	Don't put the facility somewhere out on Bixler Road, that's not really considered Discovery bay and most residents will need to drive 10 minutes to get there reducing usage. it s/b centrally located and walkable / bikeable to most residents. A Community Center somewhere out in Discovery Bay West would be a very bad idea that i could not support.	Jul 18, 2011 7:11 AM
89	If we build concensus and truly use the input from residents, we could take advantage of this once in a lifetime opportunity to create a true "community" center.	Jul 18, 2011 5:18 AM
