**Subject:** Bond Financing

Mr. Davies:

Pursuant to the Notice of Public Hearing in accordance with section 6586.5(a)(2) of the California Government Code with respect to the financing of improvement by means of the issuance of revenue bonds by the Discovery Bay Public Financing Authority, the following are my written comments which are submitted before the hearing:

I oppose the issuance of 3.11 million of bonds to finance the Districts Water Meter Completion Project. Other means of paying for this project need to be considered. The City of Lodi is only charging property owners \$300 for their property water meter installation and offered a no interest 36 month payment of \$8.52 a month for the installation cost.
